

## Expert epidemiologist / pharmacoepidemiologist – Permanent position

Horiana is a consulting company dedicated to epidemiology and biostatistics, designing and conducting healthcare real world studies. Horiana aims to support its clients – private and public/academic professionals in the healthcare field – at every stage of their projects.

Horiana is currently expanding its team with a full-time permanent position for an expert epidemiologist / pharmacoepidemiologist (M/F). This position is based in Bordeaux (33) in France, but a remote position could be an option depending on the profile of the candidate.

As a member of the Secondary Databases department, you will contribute to identifying research questions, designing epidemiological studies, proposing analysis methods, and interpreting results. You will be actively involved in responses to request for proposals, especially based on the use of French and/or international healthcare data (claims data, data warehouses, etc.). You will also contribute to scientific dissemination (expert committees, scientific manuscripts, etc.) of the results.

### Profile

- Master / PhD in epidemiology, pharmacoepidemiology or biostatistics
- At least 10 years of experience with confirmed experience in real-world studies
- Knowledge of the French nationwide healthcare data system (SNDS/PMSI) would be a plus
- Curiosity and knowledge of innovative methods and designs
- Strong writing skills
- Proficiency in French and English
- Aspiration for excellence and performance
- Team spirit

### Missions

- Designing real-world studies in numerous fields of healthcare responding to various objectives
- Identifying, in collaboration with biostatisticians, relevant and well-adapted statistical analyses
- Writing and reviewing of the study documents (protocol, synopsis, study report, etc.)
- Providing expertise in epidemiology for the team
- Preparing and presenting methods and results (expert committees, meetings with clients, congresses)
- Participating in regulatory submissions
- Writing/participation in the drafting of standard or specific operating procedures
- Continuous development of personal scientific skills to keep up to date with scientific progress

Salary according to skills and experience
